Booth Application for the 19th Copenhagen Sakura Festival

April 24 - 25, 2027

Dear Booth Applicants,

Thank you very much for your interest in joining the Copenhagen Sakura Festival. Every year, the festival continues to welcome an increasing number of visitors from near and far, all eager to take part in the wonderful atmosphere we create together. This has only been possible thanks to the dedication of the festival staff and the organisations that set up booths for the enjoyment of our guests.

New Booth Prices and VAT

To comply with Danish VAT regulations, our financial documents will state all costs both with and without VAT.

Applicants based in Denmark or outside the EU (e.g. Japan) : 25% VAT will be applied.
Note: All booths based in Denmark must be registered entities (CVR holders).

Applicants from other EU countries: VAT will not be applied.

Booth prices for 2027 are as follows:

Booth Category	Price (DKK, excl. VAT)
A: Restaurant	8,000 kr.
B: Café	7,000 kr.
C: Goods sales / boutique	5,000 kr.
D: Promotion (non-sales)	4,000 kr.
E: Under Langelinie Pavillion (no tent)	3,000 kr.
F: Flyer handout	1,000 kr.

※All booths will be provided with 1 table and 2 chairs.
Power supply will be available upon request - please see details in the application form.

Waste Policy

We endeavor to keep the festival sustainable and we encourage participating organisations and visitors to do the same. In 2027, we would like to follow the rules of Copenhagen Municipality, and booths are required to **take their own waste back to their place of business and sort it there**.

If we find any booths that violate these rules during the festival, we will impose a **3,000 DKK** charge on the booths.
You will get full instructions regarding waste and garbage handling once you are selected.

Applying for a booth

Applicants should fill out the online booth application form within the deadline.
A link to this year's application form can be found on our website.

For new applicants, we will carefully review the content of each application and consider how it may enrich the overall Sakura Festival experience and create a good balance of activities at the festival.

That is to say, rather than allocating based on a first-come-first-served basis, we assess which types of booths best contribute to the festival's diversity and atmosphere.

In previous years, new booths were allocated primarily on a first-come-first-served basis via email inquiries. With the growing number of new applicants, we have decided to implement a formal application form. This will allow our booth team to assess which types of booths best contribute to the festival's diversity and atmosphere.

After the application deadline, the secretariat will inform all applicants of booth allocations. Please note that in case of a large number of applications, we may not be able to allocate a booth to everyone.

Application deadline: <u>November 15, 2026</u>
